

Cavas de Weinert 2004

BODEGA WEINERT, MENDOZA, ARGENTINA

HARVEST & VINTAGE NOTES

Harvest began in early March 2002. The grapes were harvested and selected manually. Cavas de Weinert is the bodega's flagship wine and represents its winemaking philosophy. Each grape variety is aged separately in a selection of the best casks of our cellars for more than 3 years before they are blended. This wine is produced with wines, which have gone through a strict selection and respond to the highest quality.
