

Reserva Cabernet Sauvignon 2014

BODEGA VOLCANES DE CHILE, RAPEL VALLEY, CHILE

HARVEST & VINTAGE NOTES

This line of wines is a tribute to one of the world's greatest mountain chains: the Andes Mountains. Extending more than 7,000 kilometres, with over 3,000 volcanoes (ranging from small ash cones to enormous craters), the Andes are a defining feature of Chile's viticulture. Reserva Cabernet Sauvignon with its strong, lively tannins, expresses its unique volcanic origin.

COLOR: Ruby red

AROMA: Fresh and expressive

PALATE: Captures the palate with potency and finesse, with an accentuated flavour of candied red fruits, together with toasty, menthol and spicy notes.

PAIRINGS: Red meat, chicken with sauce and cheese
