Tectonia Pinot Noir 2011

Tarry, gritty, asphalt-like aromas blend with smoky berry notes to form an inviting bouquet. The palate is round and juicy in feel, with herbal, minty red-berry flavors and a deep, flush finish that's showing a high level of complexity.

The 2011 Tectonia Pinot Noir is produced with fruit from Biobio and feels both very Pinot and very fresh, with aromas of sour cherries, raspberries and a touch of curry. The palate is medium-bodied with fine, sophisticated tannins, good freshness, balance and length. This is very good Pinot Noir. Drink now-2016.
