

Camilla Mary Bladon

Camilla Bladon is one half of the father/daughter team at Jenkyn Place. Having followed a traditional career path into the property industry, culminating in a History degree from Durham University, and a Real Estate Masters degree from Oxford Brookes, it was only when her father Simon planted a vineyard that her true interest in wine came to the fore. She started to take her WSET exams so that she could share in her father's passion, but it was only in 2012, 8 years after the vines were first planted, that she joined the family business. She now handles all sales and marketing, and is hoping that Jenkyn Place will soon be found in shelves abroad as well, with a recent drive to export.

◆ Director of Marketing and Sales at Jenkyn Place
